

# Student registration form for becoming European Lighting Expert

14.12.2022

## Required evidence

Students pursuing an ELE certification demonstrate their qualifications based on the course they have successfully completed. Interested students complete the registration form and send this together with a copy of their exam result to the responsible teacher of the course at the university. The teacher then confirms this result in writing and forwards it to the examination management of the ELEA.

## Contact person

Wismar University of Applied Science: Technology, Business and Design, Faculty Design, represented by Prof. Dr.-Ing. Thomas Römhild.
